

Kununurra Agricultural Society (Inc.)

Tender: Show Grounds Cleaning 2018

To Whom It May Concern,

We require a team of people to clean up the Ag. Show Ground's over the show weekend, Friday the 13th and Saturday the 14th of July, 2018.

The gates open at 12noon on Friday, closing at 10pm. The grounds are required to be cleaned either Friday night after the gates close or early Saturday morning before the Gates re- open at 8am, which close at 12am on Saturday Night (no late night clean-up required Saturday). The Grounds will be closed to the public on Sunday since the Show will be finished, and a comprehensive clean-up will be easier to achieve the following morning, preferably from 7am onwards.

Roaming clean up during the show weekend is required to help keep the grounds presentable and to make after hours cleaning easier. Ablution Blocks and Portaloos will need to be checked on a regular basis for cleaning and restocking of Toilet Paper, Hand wipes etc. You can submit a tender for the overall cleaning, the grounds or ablutions only cleaning separately, depending on your Club's ability.

KAS will organize through Toxfree, a range of skip and wheelie bins for you to utilize during the Show. Personal Protective Equipment (gloves etc.), bin liners and rubbish collecting equipment (if required) for cleaning-up will not be provided, so make sure you add these items in when calculating your personal costs before submitting the tender.

When submitting your Tender please make the Tender Amount and your Club / Business Name highly visible. Tenders can be submitted via Email, Post or in Person at the Ag. Show Grounds Office (the big green shed) by arrangement (phone for times).

Tenders will be voted on by the Ag. Society Committee at the Committee Meeting 1st of June 2018. No late tenders will be considered. Winners will be contacted Friday 8th June, 2018.

Thank You for your time and effort submitting your Tender.

Kind regards

The Kununurra Agricultural Society.
